Describe one or two areas that have been difficult for you in your classes in the past that you would like to improve in.

How have you addressed or coped with these difficulties?

Have you ever talked about them with teachers or other adults? What advice have they given you, and have you found it helpful?

Write down one or two goals that you would like to set for yourself for this class. Remember, goals need to be measurable!

Think about what you need to do to reach these goals. Write down the specific steps you will take to help yourself reach them.

What will success look like? How will you know if you have achieved your goals?
